

Skyvell

Natural Air Purifier
Animal Care

Fresh air for the pet owner

We love pets and they often live with us under one roof. Unfortunately, they don't always obey our rules and accidents do happen, which usually means we need to deal with long-lasting odours. Whether it's urine smell from the cat on the treasured cuddly blanket, or dog poo on the carpet: Oftentimes, any cleaning efforts are unsuccessful, the malodour is still present. The good news is, Skyvell reliably removes these odours and ensures that you can take a deep breath again and inhale natural fresh air.

Our solution is your gain

When it comes to constant and recurring odours caused by animal faeces and evaporations, Skyvell efficiently eliminates them pH-neutral on a molecular level, leaving a pleasant and subtly fresh scent. Because the fact that nothing is completely clean until the bad smell is gone, is true for every environment.

What makes Skyvell different?

- Destroys odours instead of just masking them
- Natural product – no aggressive chemicals
- Safe for people, animals and the environment
- Subtle, pleasant smell – no masking fragrances

water

cedarwood

clove

lime

aniseed

pine needles

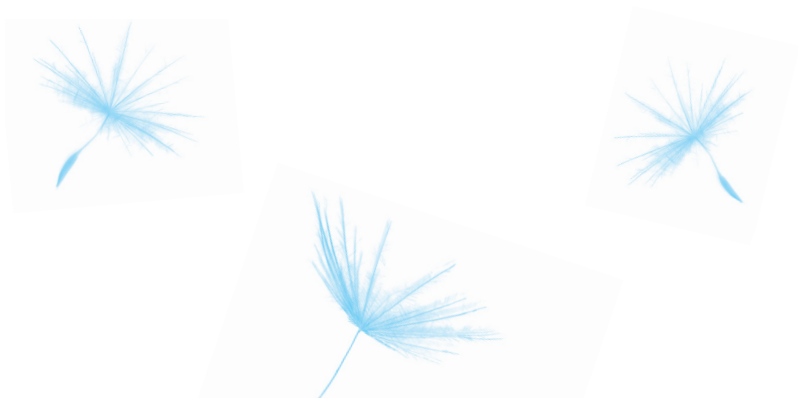

Skyvell 3-Phase-Process:

- 1.) Released Skyvell molecules attract bad smelling molecules
- 2.) Skyvell molecules absorb the bad smelling molecules
- 3.) Bad smelling molecules are disintegrated and neutralised.

How safe is Skyvell?

- Non-flammable
- Non-toxic
- No solvents
- Biodegradable

The Skyvell products are made with natural and completely safe ingredients, thus they can be applied anytime and anywhere, even when children, pets and people with a weak immune system are present.

The malodour is gone
and will not return!

Natural Air Purifier

Skyvell Spray

for immediate and targeted odour removal

Ideal for all surfaces and for eliminating malodours that linger in the air. Use the Skyvell spray to destroy the smell of cat urine, dog urine, all kinds of faeces, or the infamous “wet dog smell”. Spray it on all surfaces such as furniture and sofas, and eliminate all bad odours quick and without leaving any residues.

Available as: 100ml, 250ml
and 1l spray bottle, 5l refill pack

Skyvell Gel

solves odour problems around the clock

Skyvell Gel is applied everywhere where odours occur regularly. Near cat litter boxes or dog blankets, for example, it eliminates all bad odours lastingly for up to 30 days. The functional wall mount unit ensures an unobtrusive positioning at the place of use.

Available as: 250g can,
10kg bucket for refills

Skyvell Multi Use

for carpet cleaners, washing vacuum cleaners
and as a washing additive for all types of
textiles

Suitable for textiles subject to heavy wear
with persistent odour. Ideal for bed sheets,
linen and clothes up to carpets. Works effi-
ciently against malodours such as faeces,
urine or vomit.

Available as: 100ml, 250ml
and 1l bottle
